

PROUD SPONSOR & PARTICIPANT OF NASN AND NASSNC UNIFORM SCHOOL HEALTH DATA SET PROJECT

It's the all-in-one web-hosted solution for case management of your Student Health Department, including Health Data Sets for sharing Info-matics, and designed with research and outcome analysis in mind!

The **HealthOffice® Anywhere Suite of Programs** from **Healthmaster** offers your School District the only single source, integrated solution for accurate record keeping and Medicaid Reimbursement on the market today! It is comprehensive, secure, compliant, accountable and fiscally sound. Access it anytime, 24/7, anyplace, from any device with internet capability!

This dynamic suite of programs not only saves time, it provides more time for you to spend with your students! Best of all, our Medical Clearinghouse Reimbursement Services can actually generate sufficient revenue to pay for itself—and even produce enough revenue to bank for other goals and needs!
