

USAS-R CYE 2020 Checklist

Pre-Closing Procedures

The following pre-closing procedures can be completed anytime prior to closing the calendar year.

1. _____ **Review Vendors** that qualify to receive 1099s and verify their relevant 1099 information.

Go to **Core > Vendors** to query Vendors with a 1099 Type and qualifying YTD Taxable Total.

In the Vendors grid, use the **More** button to add these fields to the grid:

- ✓ **Type 1099**
- ✓ **Tax ID Type**
- ✓ **ID #**
- ✓ **YTD Taxable Total**

Column Selection

- id
- Vendor #
- Primary Name
- Active
- Account Number
- Default Payment Type
- Email Address2
- ▶ New Hire

 - Type 1099**
 - ▼ Tax Id
 - Tax Id Type**
 - Id #**
- ▼ Amounts
 - FYTD Taxable Total
 - FYTD Total
 - YTD Taxable Total**
 - YTD Total
- ▶ Other Info

- A. Filter by the Type 1099, entering **<> non 1099** to find all vendors currently flagged as 1099 vendors. Then filter by the YTD Total on amounts **>=600**.

Remember, the minimum reportable YTD Total for vendors receiving a 1099 for Royalty Payments is only \$10.

If desired, download the filtered grid by using the REPORT button.

Review the Tax ID Type (EIN or SSN) and ID# for all 1099 vendors to make sure they are correct and identified. If a Tax ID Type or ID# is missing, review the vendor's W-9 form on file, or request a new form from the vendor. **Notice in the example below**, that vendor # 624 is apparently incorporated but is incorrectly flagged to receive a 1099; this should also prompt a review of the vendor's W-9 form. Correct/update vendor records as applicable.

Vendor #	Primary Name	Active	Type 1099	Tax Id Type	Id #	YTD Taxable Total
			<> non 1099			>=600

773	MARKS MUSIC	true	Non employee compensation	Ein	251768759	4,760.00

- B. Filter again by the Type 1099, entering **non 1099** to find all vendors currently NOT flagged as 1099 vendors. Then filter by the YTD Total on amounts **>=600**. If desired, download the filtered grid by using the REPORT button. Review W-9 forms for vendors that may need to be corrected. Correct/update vendor records as applicable.

Vendor #	Primary Name	Active	Type 1099	Tax Id Type	Id #	YTD Taxable Total
			non 1099			>=600

6228	TEAM FITZ GRAPHICS, LLC	true	Non 1099	Ein	261273944	10,770.00
6241	[REDACTED]	true	Non 1099			845.00
6242	[REDACTED]	true	Non 1099			769.00

NOTE: Districts with a large number of vendors may receive an error for Excessive query when filtering the Vendor grid. In this case, the information can be reviewed by pulling a partially filtered grid to a Report with Excel-Data format and then filtering on the remaining columns in the spreadsheet.

Alternately, this can also be accomplished using an Advanced Query, then the query will be saved and available every year:

The Vendor Name and Address used for 1099 reporting is **based on the Vendor Location with the 1099 check box marked on the Vendor record**. To update the 1099 address, modify the location or change the 1099 check mark to use a different location address.

Classic Vendors with the "1099:" prefix entered in the Name2 field were imported with a Vendor Location using that name marked as the 1099 Address. *For districts that are processing 1099s in Redesign for the first time, all 1099 addresses should be reviewed for accuracy.*

3. _____ Enter **Vendor Adjustments** to correct YTD Taxable Total amounts, if needed (because of, for ex: Void Prior FY Check, Royalties, combining Vendor records).

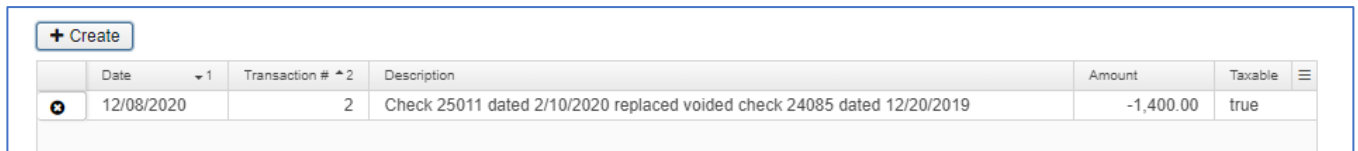

On the Vendors grid, click the View icon  for the vendor to be corrected. The amount can be entered as positive or negative to increase or decrease the totals. **Make sure the 'Taxable' check box is marked, in order to update the YTD Taxable Total.**

4. *In this example*, the vendor received \$650 in this calendar year that was actually a replacement for a check paid in the prior calendar year, but which was lost in the mail and voided this year. Click the **Vendor Adjustments** button.

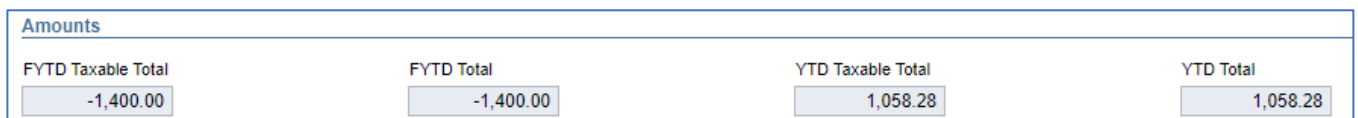

Click **Create**, complete the adjustment information (remembering to check Taxable) and then click **Post**.

The Vendor Adjustments window for the vendor will display the action.

The Amounts section of the Vendor screen will also reflect the adjustment.
