

How does the W2 Abbreviation entered on the DEDNAM screen in USPS appear on a W2 Form?

In this example, the entry in the W2 Abbrev field is too long for the W2 Form, which will only include the first 6 characters.

The abbreviation populates box 20 on the W2:

Considering this, please make sure a W2 Abbrev entry has the OSDI number first.

Also please consider omitting any punctuation. For the above example, an entry such as **1303CL** may be preferable, as it would be fully included on the W2 form.
